

Sharing

At the beginning of each VRLRS meeting, there will be a small amount of time set aside to SHARE! Think of this as a great opportunity to get (and give) some valuable information and research!

Every member's name will be added to a hat, and once a year, you will be asked to do a mini-presentation. The person drawn will be asked (at the following meeting) to share a small bit of

Victorian education with the rest of the group. This can be very small, from just reading a paragraph or two of something interesting that you learned, to bringing in a guest speaker. Use your imagination! The sharing time needs to be between 5-15 minutes and relate to the Victorian time period. Research about historical clothing will be most appreciated. Let's educate each other!

All the information that is shared will be collected in a VRLRS binder and used for reference, so be sure to document where the information is found, and if applicable, make a few Xerox copies for the membership.
